Independents to contest several Demo candidates

By ELLIS CUEVAS

The Hancock County Election Commissioners have scheduled a 5 p.m. meeting on Monday to check the petitions of independent candidates who qualified for the November General Election.

A total of five independent candidates qualified for Hancock County circuit clerk. Jerry Heitzmann, the Democratic nominee for circuit clerk withdrew from the race.

Charles A. Russ III of Pearlington was the fifth person to file for the circuit clerk vacancy. Others seeking the spot as independents are Pamela Thomas Metzler, James D. (Donald) Mauffray, Barbara A. Rappold, and J.D. (Big John) Rutherford Jr.

On Friday, former Hancock County Deputy Sheriff Fairley N. Necaise qualified as an independent candidate joining McCormick Wheeler challenging Sheriff Ronald (Ronnie) Peterson, the Democratic nominee.

Gary Eugene (Gene) Taylor, Democratic nominee for State Senator District No. 46, is opposed by independent Jerry L. Ladner and Russell D. Thompson, the Republican nominee.

Incumbendent State Sen. Martin Smith for District No. 47, which includes the precincts of Leetown and Crane Creek in Hancock County, is being challenged by Charles Clark, a Libertarian.

Bruce Necaise,Democratic nominee for Justice Court judge—East, faces Thomas P. (Tom) Clarke and Clifton Saucier, both independents.

The Justice Court judge—West race will be between Horatio Frierson Jr., Democratic, and Norman V, Rester, Republican. Both were unopposed in the primary elections.

Robert B. Peterson, who edged incumbendent Bert Courrege in a very close run-off for the Democratic nomination for County Board of Supervisors—District One, is being challenged by Thomas J. (Tommy) Moran Sr.

Two Democratic nominees for constable in Hancock County are being challenged by independents. Phillip W. Malley District Three Democrat is being challenged by Paul P. Ladner and Alton (Clay) Sick Jr., Democract for District Five faces Leroy J. Bourgeois.

The ballot for the November general election will also contain several state offices with Republican and independent candidates challenging the Democratic nominees.

Port and Harbor authorizes rebidding for Stennis work

By JUNE M. HEYDT

Port and Harbor Authority Commission members voted Thursday night to readvertise for bids on extending taxiway E at Stennis Airport.

Several reasons were given for readvertising, one being the authority only received one bid from the first advertisement.

James DeBlanc, director, said he [illegible] contractors who said they were going to bid but said they weren't given enough time to draw up plans.

The one bid they did receive was almost three times the estimated cost listed in the engineer's recommendation.

In other business, Robert Genin, commission attorney, reported on his research into the matter of chanel tariffs.

Genin said, "The law on this matter is not specific."

Genin continued, "The tariff doesn't say that you can charge someone to come into the harbor. It says you can charge for use of the wharf."

Genin said he called the attorney general's office and they told him that they did not think the authority could charge for use of the waterways.

A member of the commission said, "What we want to find is our ability to charge people who own the sites on the front of our channels and who are using the sites for terminal operations.

He continued, "If somebody buys land to set up a shipyard but they are not doing that, they are bringing in other things and receiving and unloading, let's say coal, then that is not the normal function they had specified when they purchased the land."

Genin said, "Max Cameron from the attorney general's office said he didn't see how we could charge a man for unloading on his own property."

Genin added he thought the authority could require that tenants have a license.

Vic Franckiewicz, commission member, made a motion to ask the University of Mississippi marine research department to make a study on the harbor fees laws, to check into the short term channel charge and the long term user charges and to then make a recommendation to the attorney general's office.

Franckiewicz added, "There must be some way to charge a tariff for the upkeep and dredging of the channels."

Motion was passed.

Also in other business, two resolutions were passed authorizing the opening of two new checking accounts, one for the extension of taxiway south and one for the reconstruction of taxiway E.

In further business, a resolution was passed certifying that matching funds will be available for the Community Block Grant.

CONSOLIDATION PROPOSAL—Utilizing a Bay St. Louis-Waveland map at a Wednesday night meeting to help illustrate that a proposed Waveland site for a new Hancock Courthouse would be closer to the demographic center of the county is Nicholas (Mac) Haas, a Bay St. Louis attorney representing Waveland businessman John Auderer who is offering to conditionally give the property to build government offices. Hancock officials refuse Haas-Auderer challenge

By WAYNE DUCOMB JR.

Hancock city and county officials would not take a challenge to form a 12-person ad hoc committee to consider combining the local governments.

Bay St. Louis, Hancock and Waveland government representatives met Wednesday night with Nicholas (Mac) Haas, a Bay St. Louis attorney representing Waveland businessman John Auderer, regarding the combination of the entities which would result in the 'metro government' being given some 16 acres of Waveland property owned by Auderer for a courthouse facility.

"I challenge our officials to get together and do what is best for our county. I think you should take the bull by the horns and move forward. And I challenge you to find the answers," Haas stated at the Waveland City Hall meeting.

But Mayor John Longo of Waveland, A.A. (Dolph) Kellar, County Board of Supervisors president, and Bert Courrege, District One supervisor, all said consolidation was impossible especially in light of recent objections to a proposed Waveland site for a new county hospital.

In addition to those three, local governments were also represented at the meeting by Waveland Alderman Louis Smolensky and representing Bay Mayor Larry Bennett were City Clerk Edward Favre and City Hall Secretary Janet Aime.

Kellar suggested that Gulf Regional Planning Commission or the South Mississippi Planning and Development District conduct a study of the consolidation proposal.

Longo said he agreed with Kellar, but it was up to the board president to ask for the study.

Kellar in a telephone interview Friday morning said he would formally request the study only if the other supervisors prior to a scheduled meeting expressed support of his proposal.

Favre and Aime offered no opinion in the matter.

Haas cited that outdated local courthouse and city hall facilities must soon be replaced with larger modern buildings to [illegible] the area. [illegible] would [illegible] north of US-90 near Waveland's new water tower, is closer to the [illegible] center of the county. [illegible] that the proposal has tremendous political, economic and social implications," Haas stated.

"Why don't you have a 12-person committee study any kind of proposal to move this county forward," he said.

Auderer also offers the land if the Hancock Courthouse is moved from Bay St. Louis and Waveland City Hall is moved to his land if the government's do not combine or calls for the two cities to consolidate offices on that property.

Delmar Wilcox, a Waveland developer who is proposing a multistory medical center complex at the intersection of Waveland Avenue and US-90, endorsed the consolidation proposal and noted that concept could be part of long-range planning for orderly county-wide growth.

"We have a choice of really having something good here or looking like something the cat drug in," he stated.

Dix Ashman, a Waveland real estate agent representing Milford Lady who is offering 20 Waveland acres for the hospital, also endorsed the consolidation proposal.

Both he and Wilcox said a Waveland hospital site would better serve all Hancock residents.

Waveland man facing hearing on 8 charges

By WAYNE DUCOMB JR.

A Waveland man charged with eight offenses in a recent traffic accident is scheduled for a Wednesday night hearing in Bay St. Louis City Court.

Investigator Ben Palmer of the Bay St. Louis Police Department said Friday that Ricky A. Stoufflet, 26, of 2311 Waveland Ave. is scheduled for the hearing regarding the eight charges.

Hancock County Jail records indicate Stoufflet, arrested Wednesday night, was released on $1,500 bond Thursday morning.

Palmer said Stoufflet is charged with driving under the influence, possession of marijuana and paraphernalia, failure to yield the right-of-way, leaving the scene of an accident, [illegible] inspection sticker and no drivers license.

The investigator reported that based on an eyewitness' report, Stoufflet apparently fled [illegible] from the scene of an accident which occurred at about 7:30 p.m. Wednesday at the intersection of US-90 and [illegible] Street.

Stoufflet was apparently apprehended just after the accident by Deputy Don Coss of the Hancock [illegible] Department at West Building Material on deMontluzin Street.

Palmer said a Bay police investigation indicated Stoufflet was driving his small car [illegible] and turning into the [illegible] lanes of the [illegible]

[illegible] General Delivery, Pearlington—was transported by Mobile Medic to Hancock General Hospital in Bay St. Louis for treatment of bruises and abrasions then released.

Penny Ellis, 19, of the same address was a passenger in the pickup but apparently was not injured, Palmer said.

Also responding to the accident scene and search were Patrolman [illegible] Watson, [illegible] Robert Butler and Chief Investigator Murray Ladner, all of the police [illegible]

Telephone service was [illegible] for [illegible] hours [illegible]

[illegible] district manager in Biloxi, Friday afternoon said, "Evidently an 18-wheeler owned by American Scientific Products snagged a cable and tore it down."

Palmer said the truck hit the cable which was hanging across Dunbar Avenue near the Hancock County Health Department.

[illegible] said, "I understand the cable was at the proper height, but we're still looking into this." [illegible]

PROGRAM FOR TEENS—Byrne W. Windham of Diamondhead, certified alcoholism counselor, was guest speaker at a program sponsored by the Parent's Association of Diamondhead conducted Thursday evening at the Diamondhead Baptist Church. Windham discussed chemical dependency. Among her topics was a "Feeling Chart" developed by Dr. Verne Johnson of the Johnson Institute in Minneapolis, Minn. Windham said the chart shows emotions rather than intellect. A question and answer session followed. (Staff photo by June M. Heydt)

Quality Home Health Care names administrative nurse

Quality Home Health Care, Incorporated which maintains an office in Bay St. Louis has named Mrs. Mary L. Hale, RN admissions nurse at the firm's home office in Biloxi.

Mrs. Hale graduated from the University of Mississippi with a BS degree in nursing in 1966.

Her work experiences includes charge nurse in the Clinical Research Unit at the University Hospital, Jackson; clinical instructor at the Methodist Hospital School of Nursing, Hattiesburg; director of nursing at Green Forest Convalescent Home, Hattiesburg; office nurse at the Orthopedic Clinic, Gulfport; assistant administrator-supervisor at Memorial Hospital, Gulfport; and discharge planner at Biloxi Regional Medical Center.

Mrs. Hale is married to Harold Hale. They have two children and reside in Ocean Springs.

As admissions nurse, Mrs. Hale will serve as liaison between Quality Home Health Care, physicians, the hospitals and other agencies in the community in order that the continuity of care of patients can be maintained.

In the capacity of admissions nurse, Mrs. Hale is available to make predischarge evaluation visits in the hospital to assure the appropriateness of the patient's admission to the agency.

These predischarge visits are made at the doctor's request, and it is her responsibility to spend time with the patient to explain what he is entitled to after he returns home from the hospital.

Mrs. Hale will also initiate joint projects and presentations with other community resources to promote community awareness in the home health care field.

Little Theatre tryouts slated Wednesday night

Tryouts for the next Bay St. Louis Little Theatre production, 'Love, Sex, and the IRS,' will be conducted Wednesday, Sept. 14 at 7:30 p.m.

Auditions will be heard at the Bay St. Louis Little Theatre location on Boardman Avenue.

Twists of fate, sight gags, and mistaken identities are all part of the play, a wild farce, according to Sherry Schwabacker, director.

Characters, John and Leslie, two out-of-work musicians rooming together in New York City are forced by circumstances into having Leslie masquerade as a housewife with the aid of John's financee, Kate.

There are five parts for men and three women's rolls.

Backstage positions are also available.

For further information call 467-0952.

Merchants expands bank hours

Merchants Bank and Trust Co. has expanded banking hours at all eight locations on the Gulf Coast.

W.R. Allison, bank president, says the new hours will be 9 a.m. until 4 p.m. Monday through Thursday and 9 a.m. until 5:30 p.m. on Fridays.

Allison also said with the new hours all business will be posted on the day it is transacted.

Merchants Bank locally has branches in Waveland on Coleman and Waveland Avenues and in Bay St. Louis on South Beach Boulevard.

Story Hour to feature fantasy film

Pre-school children and their parents are invited to attend story hour every Thursday at 10:30 a.m. at the City-County Library located in Bay St. Louis.

This week 'Windflower,' a motion picture film, is the feature of the program.

The film is the story of a young boy who constructs a model hot-air balloon and imagines it magically transformed into a real one.

It carries him on a mystical journey over an enchanting Michigan autumn landscape.

of interest to VETERANS

Unemployment is the No. 1 concern of working-age veterans. In January 1983, the jobless rate of Vietnam-era veterans aged 25-39 rose to 12.2 percent, a full percentage point higher than the rate for men the same age who never served their country in uniform. Another 6 percent were neither employed nor actively seeking work — simply discouraged. The January jobless rate for the youngest Vietnam vets, those 25 to 30, stood at 21.8 percent, compared to 13.7 percent for non-veteran men their age.

"Quotables by Cuevas"

Our policy for publishing Letters to the Editor is for them to be signed as well as in good taste, etc.

The reason we mention this is because occasionally we receive letters from our readers which are not signed and they probably wonder why they are not published.

We received an unsigned letter this week which we would have liked to have published, but it was not signed.

—

The little drop in temperatures has been to the delight of many of us.

It sure has been a hot summer for us, and most folks welcome the temperatures in the high 80's.

Many of the old timers say a hot summer will mean a cold winter, guess we will have to just wait and see.

One good thing we have noted in recent weeks is how our lawns have slowed their growth. It was cut the grass season every week for several months. Now one can go about two weeks.

—

This is another reminder for residents who have expired or out-of-state license tags on their vehicles, the sheriff's office is to put emphasis on those types of violations this week.

We know every year many persons receive citations for violations.

—

A special thanks goes to the many, many volunteers who worked with the Jerry Lewis Muscular Dystrophy Telethon.

Jimmy Lagasse, president of the Waveland Civic Association and also coordinator for the telethon in Hancock and West Harrison County did an outstanding job.

Persons who made donations and pledges, without them the drive would not have been a success.

One thing we noted and were told by persons working on the telethon was the fact there were not as many New Orleans visitors for Labor Day this year.

—

Chamber members enjoyed an End-of-Summer Barbecue yesterday evening at Buccanner State Park.

The park is so nice to have in our area for such functions.

—

Hats off to the sailors of the Bay-Waveland Yacht Club for capturing the 1983 Sir Thomas Lipton Challenge Cup championship over the Labor Day weekend.

The local yacht club was host for the event as the victory was a repeat performance as they were the defending champions.

The weather did get a little bad on Labor Day when several boats were turned over during a race.

Bay-Waveland Yacht Club sailors must be well known in the sailing world with all the championships they capture.

LETTERS TO THE EDITOR

If it concerns you, it concerns us

Bay mayor should pay his city utility bill—all of it

Dear Editor,

I have waited in vain to see expressions of opinion on our mayor, our duly elected leader.

But Mr. Earl Lizana is dead, and no one else seems to speak for the silent, suffering majority.

Is every one else just passive and accepting, or does the fire of indignation burn unexpressed?

During the winter months my household utility bill is nearly $300 per month.

I have had the meter checked, the lines checked, and finally have had to buy off on this fact for the last several years.

My family has had to sacrifice a great deal just to keep warm during cold weather.

Now I read in the paper that Mayor Larry Bennett owes over $1,000 in city utility bills.

How can this be? Why was he not disconnected from service as the rest of us are threatened if we are delinquent paying our bill.?

I also read that he will get by with paying 15% of this bill by claiming bankruptcy. This is our city that he is cheating.

His salary is far greater than mine. If this occurs, we should all have to pay just 15 cents on each dollar that we owe for utilities.

He is supposed to be our leader, so let's follow his example.

I have also read his opinion on our hospital location with disgust.

For many years, our county hospital has been in its present location and encountered numerous problems.

Ambulances coming in with emergencies are hazardous during school hours, with North Bay across the street.

The Dunbar "dip" floods during heavy rains as does the beach route.

Parking is almost non-existant at times, and nurses coming on duty must park back by the county home, or at North Bay School.

It is scary and dangerous for a nurse to walk to her car when she gets off late at night.

Now, the hospital will be moved, and Mayor Bennett is upset. He says he will remedy these severe problems.

Why worry now, Larry?

You had years that you didn't worry about it. And how can he judge our county hospital?

When he was ill, he went to New Orleans! Our fine facility, of which I'm very proud, was not good enough for him!

I live half a mile from our hopsital, and it is very convenient for my family. But I would be selfish to think this is an ideal location.

Our mayor should justify our voted confidence and cooperate with Waveland and Hancock County officials to locate our new hospital in a central and safe site.

And he should pay his Bay St. Louis utility bill — all of it.

Sincerely,
Evelyn Jacob
Bay St. Louis

Hospital site considerations should be based on county-wide needs

To the Editor
The Sea Coast Echo

Regarding the new hospital, everyone should stop thinking what is best for their city and start thinking what is best and cheapest for Hancock County.

Mr. Perniciaro says that it took over $90,000 to fill the land across from the Waveland Resort. Well, there is a lot of difference between the $90,000 and several hundred thousand asked for other locations.

Formally the Waveland Resort was the Ramada Inn.

During Camille they were wonderful. They opened their lobby for doctors to give medical attention and shots and gave many, many free meals before help came.

We were all very grateful then.

Now, for the second time this location is offering help to Hancock County by donating free land for a new hospital.

I don't think Hancock County can afford to pass up this opportunity.

There is an urgent need for funds for Cheryl Hawks, the wife of a Keesler airman, who must have a heart and lung transplant or she will not live to see Christmas.

She must have $50,000 to get on the list to be eligible for this operation.

This can be verified by calling 374-3581.

She was on Channel 13 news Sept. 7, 1983.

I have contacted the local radio station, the United Methodist Church, the American Legion and the Veterans of Foreign Wars for help — won't you please help — and quickly?

Make your checks payable to Cheryl's Heart and Lung Fund, P. O. Box 5096, Keesler A.F. Base, MS 39534-0096.

In the event money isn't obtained quickly enough or in insufficient amount to help save this young woman's life, the unused money will be sent to St. Jude Children's Hospital.

WHAT IS CPR?

CPR, or cardiopulmonary resuscitation, is an emergency lifesaving technique used by one or two people to artificially maintain another person's breathing and heartbeat in the event the functions suddenly stop. CPR combines mouth-to-mouth breathing and chest compressions to keep oxygen-rich blood flowing to the victim's brain until an emergency service with advanced life support is available. Newcomers impressed with Hancock County Animal Shelter, shelter personel

Letter to the Editor:

My husband and I confirmed our new residency on the Gulf Coast last week with a visit to the local animal shelter to adopt a new pet, and I feel obliged to express how impressed I was with the shelter.

I have lived in Kansas, Missouri, California, Wyoming and Louisiana, and have always used the "adoption" method to acquire pets.

The animal shelter here is as clean as any I have seen anywhere, and the young woman who helped us select a kitten was friendly, efficient, knowledgeable and obviously cared about the animals and their welfare.

Congratulations to the volunteers who have, I know, worked hard to make the shelter such a fine facility, and to the community members who have supported their efforts.

Sincerely,

Senator Thad Cochran

SPECIAL REPORT:

TRANSPORTATION OPPORTUNITIES

Senator Thad Cochran says Mississippi must take advantage of its strategic transportation opportunities if the state is to progress economically and industrially in the future.

Senator Cochran, a member of the Senate Appropriations subcommittee on transportation, noted that Greenville is a major port on the Mississippi River, and serves as a shipping point for agricultural and industrial products from the Delta region.

He also pointed to railroad, highway and aviation facilities as important aspects of the area's transportation system.

The Senator's comments came Thursday as he visited several area industrial concerns, including a rice mill here and a plant in nearby Metcalfe manufacturing railroad spikes.

"We must have adequate transportation if the state is to continue developing economically, to provide job opportunities for our citizens and outlets to national and world markets for our farm and factory products," he commented.

He pointed out that Mississippi is more strategically located than many states, with two major inland waterways, the Gulf Coast ports, and access to rail systems and interstate highways, as well as local and regional airports.

Earlier in the day, the Senator also toured a federally-funded senior citizens residence in downtown Greenville. "Decent, affordable housing for older Americans is certainly a worthy goal that deserves the support of both the government and those in the private sector," he said.

GOOD NEWS

President Carter called it "more serious than energy or inflation...a fundamental threat to American democracy."

Others have expressed similar concern.

They were referring to America's declining faith in her institutions. Fundamentally, Americans had lost faith in their governments.

Now, there's good news for the USA.

The University of Michigan's Institute for Social Research reports a change in direction. For the first time in almost 20 years, says the Institute, Americans are indicating a restoration of their faith in America.

Between 1980 and 1982, a recent study found, Americans reversed themselves. Said one report, "The degree of change evident between 1980 and 1982 is quite significant for a two-year period, given the historical forces pushing in a negative direction."

In the 1982 survey Americans were saying again that they "trusted the governament to do what is right," that "government was run for the benefit of all," and that "public officials cared about what they thought."

More goods news — the 1982 rebound in confidence was not limited just to Reagan's partisan constituency; it included both Democrats and Independents.

But there still is work to be done. Too many Americans still are negative about government. Government, at every level, still faces the task of performing [illegible] in a way which [illegible] faith of all Americans in [illegible]

Tigers claw Pirates in 7-6 squeaker

By WAYNE DUCOMB JR.

The Bay Senior High School Tigers squeaked by the Pass Christian High School Pirates, 7-6, in a hotly contested rival match Friday night at Francis S. McDonald Stadium in the Pass.

With just minutes left in the contest, the Tigers won the game with a PAT.

A strong Pass defense and penalties slowed the Tiger offensive squad which lost about 100 yards during the contest for a variety of infractions.

The Pirates offensive efforts broke down in the third quarter after workhorse Back Pat McDonald was taken from the field by ambulance for hospital treatment of an apparent dislocated elbow.

A then fired up Tiger defensive squad repeatedly halted Pass scoring efforts deep in Bay High territory in the second half.

Pass Christian was also hindered by a lack of a good punter and field goal specialist which repeatedly gave the Tigers fairly good first down field position and forced the Pirates to attempt a two-point conversion which failed against the tough Tiger defensive line.

Several members of both teams suffered muscle cramps apparently resulting from the unusually hot and humid September evening coupled with the excited individual physical exertion common in such a sizzling rival match.

Both quarterbacks really hustled during the evening.

Tiger Quarterback Jeffrey Smith executed a varied ground and air attack against the tough Pirate defenders.

Pirate Quarterback Joey Rogers has substantially improved his arm and rifled a number of accurate passes to receivers.

Just before the end of the scoreless first quarter, the stadium lights on the east side of the field went out apparently due to a faulty circuit breaker and halted game play for about 20 minutes.

When the game resumed, the awesome Pass defenders halted Bay High on their own 38-yard line where David McIver booted the ball to the Pirate 31.

From there the Pass mounted their only successfull scoring drive of the evening.

Within inches of the goal line, Rogers bulled through the middle of the Tiger defenders for six points with about six minutes left in the first half, but failed in the conversion attempt.

The Pirate offense came back strong early in the third quarter and marched to the one yard line.

The then riled up Tiger defenders stonewalled the Pirates one yard from the goal after McDonald was injured.

Pass Christian a few minutes later again got the ball, but the toughened Tigers wouldn't let the Pirates past the 20.

The Tiger offense early in the final quarter began successfully executing rushing and passing plays, but lost scores of yards in two barrages of penalties.

A botched Pirate punt was recovered by the Pass deep in their own territory, but they fumbled the ball away on the following play to the Tigers on the Pass Christian six yard line and set up the Bay High score.

With about three minutes left in the game, Smith rifled a pass to Wide Receiver Eddie Nelson in the end zone to tie the game.

Field Goal Specialist Bert Daigre booted the game-winning PAT which set the score of 7-6.

PAMELA THOMAS METZLER

I would like to take this opportunity to ask the citizens of Hancock County to consider me as a candidate for the office of Circuit Clerk. My name is Pamela Thomas Metzler, daughter of Ruby Thomas and the late Gussie D. Thomas of Bay St. Louis. I am 29 years old and a native of Hancock County. I am married to Leonard (Mac) Metzler Sr., and we are the parents of two children.

EDUCATION

I am a honor graduate of Bay Senior High School and attended Pearl River Junior College.

COURT EXPERIENCE

My candidacy is based solely on my qualifications and court experience. I have served as Deputy Chancery Clerk, Justice Court Clerk and at the present time I am Chief Deputy Circuit Clerk, for a total of seven years related court experience. I have a thorough working knowledge of all aspects of the Circuit Clerk's office.

ORGANIZATIONS

I am a member of the National Association of Legal Secretaries and presently serving on the Citizen's Advisory Committee for a new Hancock County jail.

With Circuit Court beginning the second week in January of 1984, a week after the new Circuit Clerk is sworn in, I am prepared to perform all the duties of the Circuit Clerk during the January 1984, term of court. It is essential that the most qualified candidate be elected to this position. I feel that I am the most qualified candidate with seven years of legal and court related experience and currently serving as Chief Deputy Circuit Clerk.

For professionalism and good government,
please vote for and support
PAMELA THOMAS METZLER for Circuit Clerk.

Paid political adv. [illegible] Metzler, candidate for Circuit Clerk.

PRC burns HNC, 21—19

Johnson's Devilish ways bring woe to Hawksville

By EDGAR PEREZ

An explosive 70-yard kickoff return by Blue Devil back Chip Johnson in the closing seconds of a hard-fought contest Friday between Hancock and Pearl River Central snatched victory away from the Hawks after they had protected a comfortable 12-point lead through most of the fourth period.

Johnson took in a booming Steve McQueen kick from the Hawk 20 at his own 30 and stunned the overflow crowd at Hawk Stadium when he shattered the 19—15 edge held by the Hawks with less than a minute left in the game.

Johnson, who carried for an impressive 178-yard total against HNC, raced virtually untouched for the 70 yard score.

The Hawks nailed PRC Back Irvin Templet as he attempted to run for two, sealing the contest at 21-19.

With four minutes left in the final period, the Blue Devils picked up a badly-needed six points on a ten yard pass completion by the ever-menacing combo of QB Gerald Tillman and End Reece Roche.

The PAT kick was no good and the Hawks led 19-13.

PRC was threatening again with less than two minutes remaining in the game after intercepting a Scott Favre attempt at the Hawk 35.

Favre made amends for that discrepancy, however, when he in turn intercepted a Tillman attempt at the Hawk four.

Forced into a punt situation on fourth and two at their own 15 yard line with 1:17 remaining, the Hawks elected to sacrifice two points.

Punter Gary Fricke grounded the ball in his end zone, leaving the Hawks with a 19—15 lead with 62 seconds left in the game.

The safety strategy gave the Hawks a kickoff situation at their own 20 yard line and eliminated the possible blocked punt at the goal line.

The Hawks' options on fourth down also included the dangerous attempt to make the two yards needed for a first down and an opportunity to run out the clock.

"All we needed to do was stop the kick-off return," said HNC Head Coach Irvin Farve in discussing the strategy following the disappointing loss.

"We were so close," said the obviously deflated Favre who is usually pragmatic when recounting a loss by one of his teams.

"If I had to do it again, I would still take the safety," Favre said. "They had no time outs left and they couldn't go for a field goal—all we had to do was stop the kick-off return."

The same safety strategy rather than punt was employed successfully by the Georgia Bulldogs last weekend in their nationally televised game against UCLA.

"I've never seen Pearl River Central quit, and they never will—You've got to stay with them right through the last second," Favre observed.

"The only consolation is that this game dosen't count in the district and conference race," the coach added.

Friday's contest was scheduled after HNC and PRC found themselves with an open date Sept. 9. The teams will meet again Nov. 4 to close their regular seasons at Carriere.

That contest will be a regularly scheduled Deep South Conference Contest, likely to be decisive with PRC an early pick to win the conference and HNC a dark-horse choice for the title.

Johnson's 70-yard run spoiled an otherwise outstanding Hawk defensive effort.

Milton Lewis and Darrin Ladnier were instrumental in holding the Blue Devils on the first series when they drove to the Hawk one before being forced to give up the ball on downs.

Gary Fricke pulled the Hawks out of trouble with four booming punts which averaged 40 yards each.

Melton Lewis kept the Devils off the score board on their second series when he recoverd a PRC fumble on first down inside the Hawk five.

Duke Cuevas busted up the next PRC threat which came on their third series when he intercepted a Tillman pass near the Hawk 20.

The Blue Devils posted the first score of the evening with 6:05 left in the second quarter on a nine-play drive from midfield.

PRC Back Darrell Pearson carried the ball over from the Hawk six, and Sidney Hostetter's kick was good giving the Devils a 7-0 lead.

The Hawks, after six tries, were forced to punt—Fricke pushed the Devils back to their own 10 and Duke Cuevas snatched up a first down PRC fumble at the 17.

Scott Favre connected with Darrin Ladnier for a touchdown and Lydell Curry's kick was good, giving the Hawks a tie ball game at halftime.

Before time ran out in the second period, Favre intercepted another Tillman attempt and scooted 30 yards; Tillman retaliated by picking off a Favre pass on the next play as the clock ended his threat.

Gary Fricke set up the second Hawk score with a fumble recovery at the PRC 31.

Favre hit Back Tony Guidry who carried the ball to the Devils' four.

Curry closed the four yard gap with 7:29 left in the third period. A two-point conversion attempt failed and the Hawks led 13-7.

Scott Favre diminished a Devil threat in the third period with a fumble recovery in his own territory following a long completion by Tillman-Roche.

After PRC was forced to punt for the first time, the Hawks took over on their own 15.

After a first down gain of six, Curry broke loose on second down around his own 18 and hauled it all the way for the Hawks' third touchdown.

With that 84 yard scoring run, Curry totaled some 138 yards for the evening.

Johnson and Tillman blocked Curry's PAT kick. The Hawks led 19—7 at the end of the third period.

Hawk defenders Steve McQueen and Adrian Burton also are credited with outstanding contributions to the Hawks' fourth period defense.

Including his 70-yard scoring burst, Johnson totaled 178 yards rushing for the Devils.

Tillman attempted 25, completed 14 for 160 yards, and was intercepted twice.

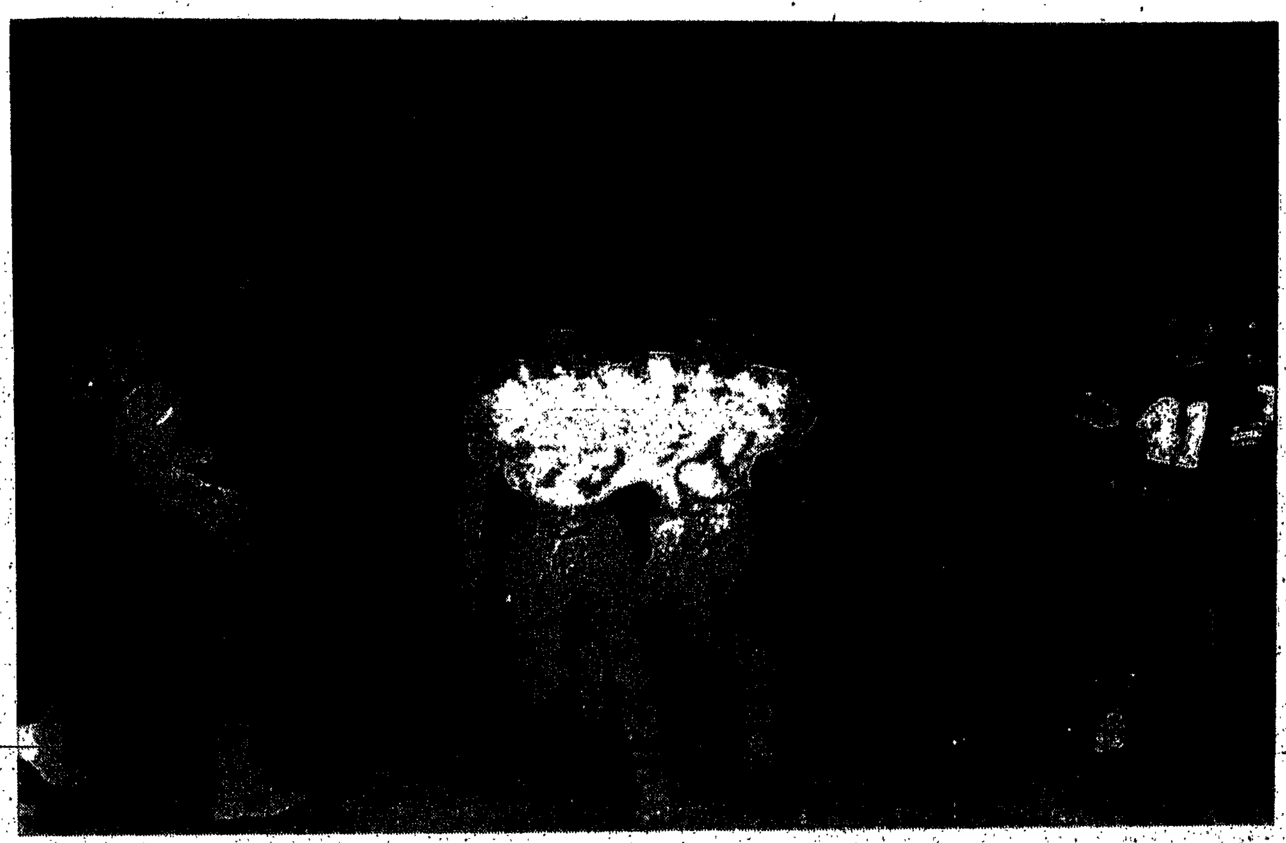
Scott Favre attempted 14, completed 7 for 99 yards with two interceptions.

The Hawks, with a 1—1 record which includes a season-opening win over St. Stanislaus, journey to the Perkinston Campus near Wiggins to meet Stone County Friday.

The Blue Devils, also at 1—1 after an opening loss to Poplarville, meet the Bay High Tigers in Bay St. Louis this week.

Bay High is undefeated following victories over Stone and Pass Christian.

Stone Friday lost to George County, 36—15.



FIFTY PERCENT—HNC Quarterback Scott Favre (11) hit on seven of 14 attempts for a total of some 100 yards and one touchdown as the Hawks were edged in a heartbreaker Friday by Pearl River Central at Hawk Stadium, 21—19. (Echo staff photo by Edgar Perez)

SCURRY—Pearl River Central End Darrin Schneider (86) makes a vain attempt to collar Hancock North Central's fleet Tailback Lydell Curry on the way into the Blue Devil end zone for a score in the third quarter of the HNC—PRC football game at Hancock Friday night. Hawk Split End Darrin Ladnier (89) moves to block Blue Devil Back Chip Johnson (25) who turned out to be the Hawks' nemesis when he scored on a 70-yard kickoff return with a minute left in the game, giving PRC a 21—19 win. PUT UP A GOOD FIGHT—Rock-A-Chaws lost to the St. John Eagles in a game played at Milner Stadium in Gulfport Friday night. The score was 14-6. Running to tackle Eagle Kevin Williams, No. 4, is Rock Tailback Jerry Kelly, No. 81. (Staff photo by June M. Heydt)

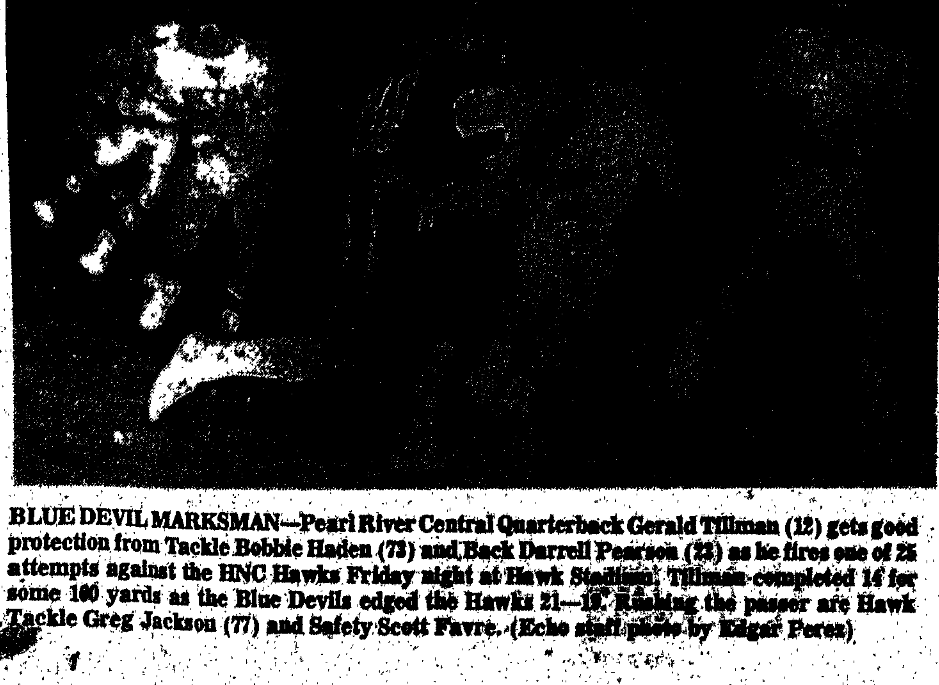
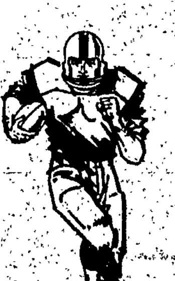
TAKING PREVENTIVE MEASURES—Hawk Tailback Lydell Curry goes up with Blue Devil ace receiver Reece Roche to break up a pass play during Friday night action at Hawk Stadium where Pearl River Central snatched a 21—19 victory in the final seconds of the game. Also closing on the receiver from the Hawk secondary are Duke Cuevas (10) and Gary Fricke (24). (Echo staff photo by Edgar Perez)



BLUE DEVIL MARKSMAN—Pearl River Central Quarterback Gerald Tillman (12) gets good protection from Tackle Bobbie Haden (73) and Back Darrell Pearson (23) as he fires one of 25 attempts against the HNC Hawks Friday night at Hawk Stadium. Tillman completed 14 for some 160 yards as the Blue Devils edged the Hawks 21—19. Rushing the passer are Hawk Tackle Greg Jackson (77) and Safety Scott Favre. (Echo staff photo by Edgar Perez)



Eagles take Rocks in slow-moving game

By JUNE M. HEYDT

At the end of the second quarter in a slow moving game between St. Stanislaus and St. John at Milner Stadium, Rock-A-Chaw Russ Betcher made a 23-yard field goal to put the score at 3-0 with one minute and six seconds left to go before half time.

With only 25 seconds left in the first half, Eagles Mark Otto and Chris Knapp tried to handoff at the 35-yard line when Rock Casey Wittmann picked up the ball in mid-air and raced to the St. John 22-yard-line.

Choosing to try for a long field goal, Betcher's 39-yard effort sailed straight down the middle of uprights giving the Rocks a 6-0 lead as the horn sounded at the end of the second quarter.

St. John's came back during the third quarter to make the first touchdown of the game after an 11-play, 77-yard drive.

Wittmann's tackled St. John's quarterback, picked up the resulting fumble and ran from the Eagle 47-yard-line to the 19. It was then that Betcher kicked his second field goal.

Williams then ran 37-yards for an apparent touchdown on the first play of third quarter, but officials ruled that he had stepped out of bounds at the 19-yard line.

In the third quarter Rock Tailback Jimmy Thriffiley ran with the ball to the Eagle 31-yard-line.

But the Rocks fumbled and Williams recovered the ball and ran 36 yards. Williams then scored on a one yard touchdown run setting the game score of 14-6.

Later in the fourth quarter, Rock Tailback Todd Thriffiley made a tackel on the 22-yard line. SSC Tailback Jerry Kelly also made a tackle at the 25-yard line, but St. John recovered a Stanislaus fumble.

Thriffiley recieved a punt at the Stanislaus 11-yard line. The Rocks then made a first down on the 22-yard line. The effort was there but no time was left.

The Eagles took the game, 14-6.

Outstanding Stanislaus players in the game were Fullback Troy Flynn who made a several of tackles and Wittman who was instrumental in both offensive and defensive efforts.

MR. AND MRS. CHARLES HENRY JOHNSON

Nuptial Mass unites Johnson, Trauth

The marriage of Lorraine Centanni Trauth and Charles Henry Johnson was solemnized in a morning ceremony August 27 at St. Mark Catholic Church in Chalmette, La.

A Nuptial Mass was concelebrated by Rev. Robert Massett and Rev. Thomas Dowling.

The bride wore a street-length dress of candlelight lace over taffeta, fashioned with peplum waistline with chiffon sash and scalloped lace sleeves. Her hair was adorned with stephanotis and she carried a matching handbag decorated with orchids and stephanotis.

Attendants to the couple were Charles Johnson Jr. of Waveland, son of the groom, and Loren Trauth of New Orleans, daughter of the bride. Also witnessing the couple's vows was Samyra Trauth, daughter of the bride.

Offertory gift bearers were Mrs. Gay Johnson of Waveland and Mrs. Cathy Chisholm of Aberdeen, Miss., daughter-in-law and daughter of the groom, respectively, and Colleen Trauth of New Orleans, daughter of the bride.

A small reception followed the ceremony at a Lakeside center.

Mr. and Mrs. Johnson will reside in Waveland.

Afternoon ceremony joins Longo, Turlan

Jourdan River Shores Clubhouse was the setting for the August 27 marriage of Christina Estrilita Turlan and John Thomas Longo. Judge Horatio Frierson performed the double ring afternoon ceremony.

Baskets of white gladioli, pink dogwood, burgundy roses and greenery against lattice screens formed the background.

The bride is the daughter of Mr. and Mrs. Richman Mullins of Bay St. Louis. The groom's parents are Mr. and Mrs. John Longo of Waveland.

Given in marriage by her father, the bride wore an ankle length gown of chantilly lace with off-the-shoulder styling enhanced by deep lace flounce collar, fitted bodice and three-quarter length sleeves. The gathered skirt featured rows of tiny ruffles near the hemline.

She carried a fan decorated with orchids, stephanotis, pink and white sweetheart roses, plumosa fern with ribbon streamers. A spray of baby's breath and tiny roses adorned her hair.

Mrs. Roslyn Goodick of Kenner, La. was matron of honor.

Bridesmaids were Mrs. Sandra Thornton and Mrs. Stella King of Bay St. Louis and Mrs. Toni Handshoe of Jackson, Miss.

They were identically attired in white cotton batiste spaghetti strap gowns trimmed with pink satin ribbon and lace. They wore hairpieces of baby's breath and sweetheart roses and carried lace fans decorated with orchids and sweetheart roses with ribbon streamers.

David Handshoe of Jackson, Miss. was best man.

Steve Longo and Ted Longo of Waveland, brothers of the groom, and Brian Milner of Houston, Tex. were groomsmen.

The bride's mother chose for the occasion a gown of honey sataglo with long sleeves, draped bodice with jewel design at waistline and slim skirt.

The mother of the groom was attired in a gown of lavender taffeta featuring a cumberbund waistline and full skirt with chiffon capelet. Both mothers wore orchid corsages.

Mrs. Longo, grandmother of the groom, wore a two piece beige lace gown with sheath styling with long sleeves.

The bride's table held a three tiered wedding cake made by the bride's mother and decorated with lily-of-the-valley sprays, flanked by candelabra.

On return from a wedding cruise to the Caribbean, the couple will reside in Waveland.

Workman, Dahl wed at Main St. Methodist

Annie Mitchell Dahl and Robert J. Workman were married August 27 in a 2 p.m. ceremony at Main Street Methodist Church with Rev. Curtis Moffat officiating.

The bride's parents are the late Mr. and Mrs. Walter Mitchell of Bay St. Louis. The groom is the son of Mrs. Janice Hopp of St. Louis, Mo. and the late Frank J. Workman.

Nuptial music was provided by Becky Woods and Sandy Boudreaux.

Given in marriage by a family friend, Dominic San Fillippo of Bay St. Louis, the bride chose a formal gown of satin fashioned with fitted bodice accented with pearled Alencon lace, long sheer lace sleeves and A-line skirt. Her bridal hat was adorned with matching lace trimmed with pearls and flowers. She carried a cascade of blue and white carnations, roses and baby's breath with ribbon streamers.

Carol Ann Feigel of Bay St. Louis attended her sister as maid of honor.

Bridesmaids were Arlene Johnson, daughter of the bride; Melanie Mitchell, Aline Courrege, Ellen Holland and Irene Berry, all of Bay St. Louis.

The attendants were identically attired in formal gowns of qiana in rainbow colors featuring chiffon capelets. They wore hair ornaments of roses and baby's breath with rainbow ribbon and carried single-stemmed roses to complement their gowns.

Bobby Glover of Bay St. Louis, brother-in-law of the groom, was best man.

Groomsmen were Bill Johnson, son-in-law of the bride; Don Breland, Sam Glover, Bob Bohnal and Gene Dillman, all of Bay St. Louis.

The groom's mother chose for the occasion a two-piece suit with silver and gold threading and matching accessories.

A reception followed the ceremony at Reflections Lounge in Waveland.

The bride's table was overlaid with a white lace cloth and held a three-tiered wedding cake decorated with sugar spun roses and doves and featuring stairways with miniature bridesmaids on either side.

Assisting at the reception were Donna Sue Holland, Stephanie Saujon and Arlene Johnson of Bay St. Louis.

On return from a wedding trip to Orlando, Fla. the couple resides in Bay St. Louis.

Portrait painter's work included in Diamondhead's first art show

Diamondhead painter Sandra Lee Smith will be among featured artists at community's first annual show

When the First Annual Arts and Creative Crafts Show at Diamondhead opens at 10 a.m. Saturday, Sept. 17, visitors will have a chance to see some of the latest work by a Diamondhead artist whose portraits and other paintings already hang in several area homes.

Sandra Lee Smith promises to have as many as four new large paintings and "maybe a couple of new small ones" on display.

While the first thought of Smith's work brings images of portraits to mind, she is quick to point out she does other things.

Working in oils and pastels most frequently, Sandra Smith is comfortable with landscapes, boats, still lifes, flowers, and other subjects.

She enjoys painting in the morning, and in typical fashion once worked on a painting of water lilies for three weeks, then painted over it because she didn't like it.

She says she works hardest for good composition in her pieces.

Mrs. Smith shares with other artists that peculiar ability to see patterns, shapes and colors as a way to create a physical rendering of an idea.

She likes to be left alone when she works, with music to fit her particular mood providing background.

That isn't always easy. Her husband, Peter, an oceanographer, and her two daughters, Becky, 8, and Holly, 5, take up the usual amount of time and attention as she juggles the various roles of wife, mother, and artist.

Sandra Smith began drawing when she was two years old, and has studied at the University of Michigan, San Jose State and the University of California.

She says she would still like to study for a master's degree, and someday teach art history.

She remembers the first painting she ever sold, a pastel of a college girlfriend as a young girl. It brought $25.

Today's bust-type protraits and other works can easily be worth several hundred dollars.

Her favorite painting of a little girl in the woods was sold about nine years ago. Sandra said she liked it so much she tried to find the owner so she could buy it back, but couldn't locate the person who purchased it.

She says she likes the work of earlier artists like Cezanne, Gaugin, Van Gogh, Rembrandt and Vermeer — some for their control of style and composition, some for lighting and some for sheer energy.

In 20 years of painting, Mrs. Smith still is happy with the challenge, the way fresh oil paint works and smells, and she says the most satisfying is "the painting".

In college, she says her favorite courses were live figure drawing classes and her least favorite were those in abstract, or modern art.

While she has had several shows, and plans more, she says she has never been aggressive with it.

Of the new work planned for the Arts and Creative Crafts Show, Sandra Smith says there'll probably be something on the Everglades, one from her impressions in the Bahamas, and one of herself, pregnant.

Unless, of course, she doesn't like the way one of them turns out, and decides to paint over it.

The Arts and Creative Crafts Show is scheduled in the Diamondhead Country Club circle in front of the clubhouse.

Some 75 artists and crafsmen from this area, and some from other areas will have displays and demonstrations for the public.

Food and refreshments will be offered on the grounds, and a wide variety of items will be for sale in the booths.

Items suitable for Christmas gifts for all ages will be available, from toys to oriental rugs, and many craftors accept major credit cards.

Sponsors of the show, the Parents Association of Diamonhead; (PAD), will use proceeds to upgrade and add to recreational facilities for children and the community of Diamondhead.

Rice Pavilion Garage Sale to be repeated

Dealers are invited to reserve space at a 'Giant Garage Sale' scheduled for 9 a.m. to 5 p.m. Saturday, Sept. 24 at Rice Pavilion in Gulfport.

"We are repeating this Rice Pavilion Garage Sale by popular demand," said Ron Meyers of Ron Meyers Productions, Inc., sponsors of the event.

Meyers said some 50 dealers offered their wares at the first sale during the summer.

"There is 10,000 feet of space available in the pavillion," Meyers said.

Dealers can reserve booth space for $12.50 by calling Meyers at 1-869-9336 or writing to POB 4672, Biloxi, 39531.

IAN ANTHONY FRANCIS DAVID MEARR KELLY-MATTHEWS

Ian Anthony Francis David Mearr Kelly-Matthews, son of David John and Patricia Kelly-Matthews, was christened August 27 at St. Dominic's Catholic Church in New Orleans. Ian wore a long, embroidered gown and coat previously worn by his mother and other family members.

His godparents are Mrs. Terry Kelly Wild and Bernard Lampo; Mrs. Courtney Berry-Miller and Timothy Todd; and Drs. John Anthony and Karen Van Beyer Stocks.

Following the ceremony, a reception was held at the Lakeview home of Pam and Tim Todd.

DWAYNE ANTHONY EDWARDS

Dwayne Anthony Edwards, infant son of Mr. and Mrs. Kelly Andrew Edwards of Fort Rucker, Ala. was christened Aug. 13 at Our Lady of the Gulf Catholic Church with Rev. Henry McInerney officiating.

Godparents are Danita L. Scianna and Jeffrey J. Favre, a maternal cousin and great-uncle.

THE ABUNDANT LIFE

By Shawn Murphy

MINISTER, BAY ST. LOUIS CHURCH OF CHRIST

"Wives, submit to your husbands as to the Lord. For the husband is the head of the wife as Christ is the head of the church, his body, of which he is the Savior. Now as the church submits to Christ, so also wives should submit to their husbands in everything." (Ephesians 5:22-24)

Here Paul gives the divine structure for every household. He begins with the varying roles of each member of the house.

Paul says, inspired of the Holy Spirit, that "the husband is the head of the wife." Now that in itself is probably enough to cause plenty of controversy in this mixed up world that we live in today. Certain women's movements would deny the validity of this statement and yet if one wishes to argue with it, he or she must argue with God.

The church of Christ in the Bible gladly and willingly submits itself to the head of the church which is Jesus Christ. In the same way, wives are to gladly and willingly submit themselves to their husbands.

But lest this headship become a reign of terror, Paul quickly adds these words.

"Husbands, love your wives, just as Christ loved the church and gave himself up for her to make her holy, cleansing her by the washing with water through the word, and to present her to himself as a radiant church, without stain or wrinkle or any other blemish, but holy and blameless. In this same way, husbands ought to love their wives as their own bodies. He who loves his wife loves himself. After all, no one ever hated his own body, but he feeds and cares for it, just as Christ does the church." (Ephesians 5:25-29)

When Paul adds that husbands should love their wives "just as Christ loved the church" he safeguards submission of each woman. Because if a husband loves his wife in a similar manner to the way Christ loved the church he will be loving, concerned, fair, giving, and a joy to submit to.

Is your household structured after God's blueprint? Can you say with Joshua these words, *"But as for me and my household, we will serve the Lord."*?

St. Rose de Lima Catholic Church

Parish News

By FR. B.C. KELLER

Life is a journey to our Father who loves us and forgives us. No matter how far we wander, God's love finds us and shapes itself to our unique needs. As we return to the Father in the company of our brothers and sisters, we cannot help but rejoice!

We welcome Sister Helen Marie Yorkel, S.Sp.S. as the newest addition to our pastoral ministry staff. We look forward to her fruitful endeavors on behalf of St. Rose.

Today is registration for religious education program at St. Rose for high school students attending public school. If they are 15 or older, they should indicate their readiness for Confirmation.

The Knights and Ladies of Peter Claver will attend Mass together as a group at 7 a.m.

Our Altar Society will have its annual Mass today for the living and deceased members of the society at 9 a.m. Members of Our Mother of Mercy Altar Society in Pass Christian will be in attendance as guests. Mrs. Joan Thomas will be the guest speaker. Monthly meeting, next Sunday after 9 a.m. Mass.

Gospel Choir will practice on Tuesday at 6:30 p.m.

Next Sunday, Catechetical Sunday, there will be a Commissioning Ceremony at the 9 a.m. Mass for all those who will be teaching religion this year.

Classes will begin for grade school students on Monday, Sept. 19. Grades 1 and 2 will meet on Mondays, 3:20 till 4:20 p.m. Grades 3 and 4 will meet on Tuesdays, 3:20 until 4:20 p.m. Grade 5 will meet on Wednesdays at same time. Grades 6, 7 and 8 will meet on Sundays after 9 a.m. Mass for approximately one hour, starting on Sunday, Sept. 25.

At its last meeting the parish council accepted Mrs. Nellie Bell as the chairperson for the upcoming Musical Extravaganza, featuring Xavier University Concert Choir on Oct. 30. The council also pledged its support of Mrs. Gerry Lang, our candidate for the Hancock County NAACP Mother of the Year.

We ask your support in the fund raising activities which she will be sponsoring.

MASS SCHEDULE

Sunday, 7 and 9 a.m. and 6 p.m.

Daily, Monday through Saturday, 6:30 a.m.

Saturday Vigil, 6 p.m.

Mother of Perpetual Help Novena at beginning of Tuesday Mass.

Piano tuner keyed up about his work

By JUNE M. HEYDT

Like the clown who has sawdust in his veins and the newspaper man who has ink running in his blood so the muscian has notes swimming in his brain.

Andy Foretich is a self-made musician. He said he taught himself how to play the guitar and piano at age seven.

All his life he has loved music so it seemed that going into a new career two years ago was inevitable.

The new career, focused around music of course, is the age old craft of piano care.

Foretich, who had been a surveyer, said he started his formal training after having knee surgery. He said while he was recuperating his mother-in-law asked him to study a book on how to repair pianos so he could fix her piano.

After reading up on the subject he became extremely interested and pursued the subject further.

Foretich said, "Long hours of reading technical manuals and reference materials late into the evening has paid off in a new career. I guess you just have to love music because there's little financial reward," said Foretich.

After studying, Foretich then apprenticed with a piano craftsman and worked nights and holidays.

"My training not only required study and practice, but travel to seminars in other cities. I have received professional training from Baldwin of Cincinnati, Ohio and the Piano Technical Institute at Emory University in Atlanta, Georgia," said Foretich.

He said his association with other tuners through his membership in the Piano Technician's Guild has greatly broadened his knowledge of the business.

"The Guild has probably done more for this profession than anyone could know," Foretich added.

"The first contact I made was Walt Loeffler, he got me to sign up and has been a patient teacher and guiding force from the beginning," noted Foretich.

"Few people are conscious of the physical and mental challenge of perfectly adjusting thousands of pounds of pressure to over two hundred strings. It's sort of like raising a child, you can get very aggravated but, if you're firm and patient they will almost always make you proud," Foretich said.

"A piano's tuning requirements are just as individual as the people playing it. On one end of the spectrum, a musician who plays an instrument every night will surely have his piano tuned more often than the recommended six months. On the other hand, the longer you let a piano go without tuning the more risk you take of damage to the soundboard," informed Foretich.

"Volume, resonance and tone are all affected by the precarious balance between the forces of the soundboard and the tension of the strings.

DISCOVERS ANTIQUE PIANO

Foretich received a call from a lady one day who had an old piano in her garage. She called and asked him if he would be interested in buying it for parts.

Foretich said he really didn't need it but knew the lady needed the money so he told her he would.

When he went to pick it up he discovered it was an old English piano. He said it had a beautiful cabinet of burnt walnut. However, the inside was in horrible shape.

Foretich decided to do some research on the piano and discovered how unique it was because instead of having 88 keys it only had 85.

The piano had overhead dampers whereas they are usually underneath and it was straight strung where most pianos are strung at an angle, said Foretich.

"It has a pedal that most piano's don't have," said Foretich. The pedal is a tone dampening one instead of the American blow softening pedal. This gives the piano a softer tone added Foretich.

"I can't imagine what this piano is doing over here," said Foretich.

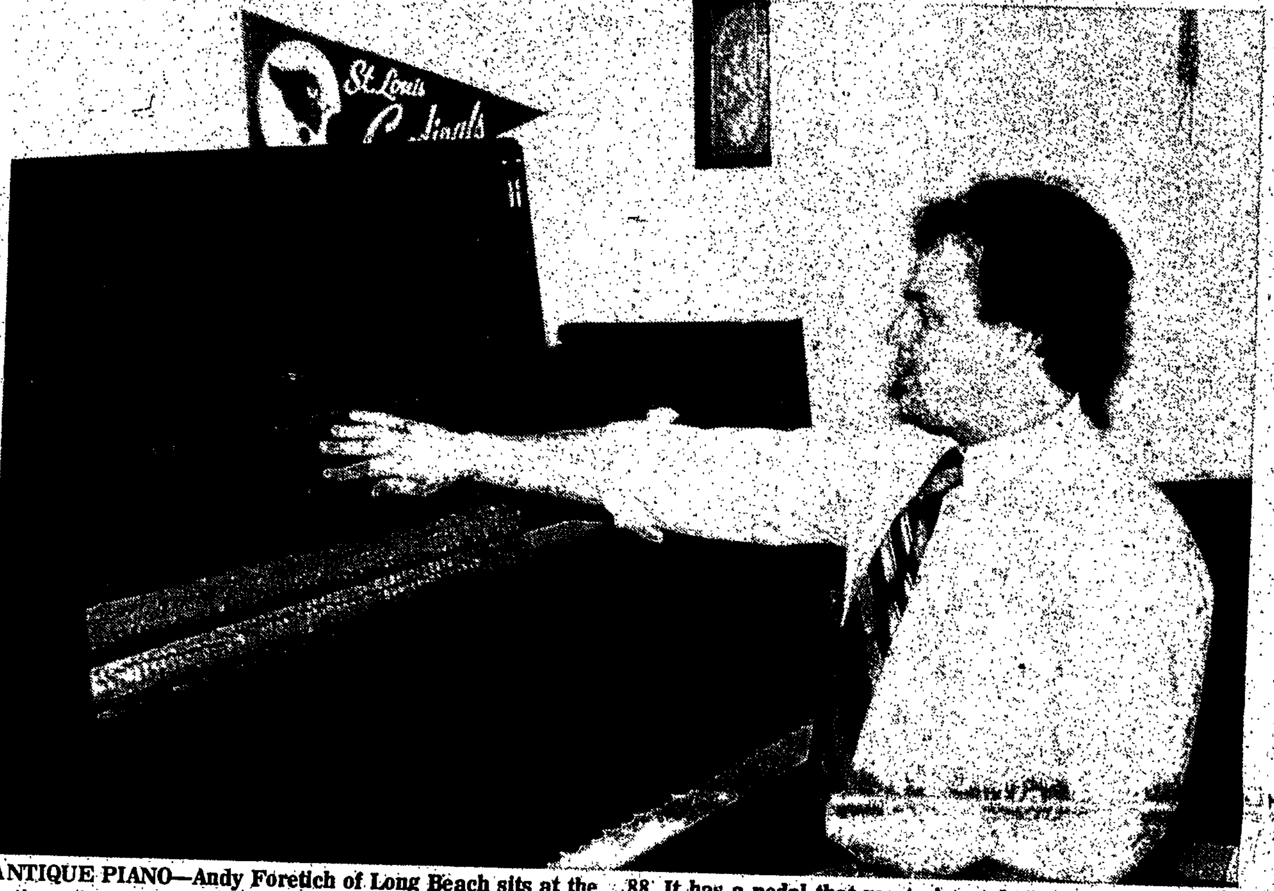
"Where most pianos start at C this piano starts at A, it does end at the same spot however," added Foretich.

Through research Foretich discovered that the piano was made in Kentish Town, London. It is a H. Woodhouse and was made prior to 1917, there are no records earlier than that.

Foretich said he had to completely renovate the pen block and had to restring a part of the upper register and regulate the action. Everything else on the piano however, he said, is original.

Foretich's next project which he says he is really looking forward to will be to rebuild a concert grand piano owned by a man in Waveland. Foretich said the piano was built in Boston in 1880 and is a Chickering Grand.

A music lover, Foretich really gets keyed up in his business.



ANTIQUE PIANO—Andy Foretich of Long Beach sits at the antique piano he discovered by accident. Foretich points to the strings which are straight strung rather than at an angle like most American pianos. Following research Foretich learned that the piano is English and was made in Kentish Town, London. The upright piano has only 85 strings rather than the usual 88. It has a pedal that most pianos don't have called a tone dampening pedal instead of the American blow softening pedal. Another unique feature of the piano is that it has overhead dampers which are usually underneath. Foretich said the piano was made sometime before 1915. (Staff photo by June M. Heydt)

ETV Brief

MET'S 100th

Leontyne Price is emcee for the new season of "In Performance at the White House," which will begin on Wednesday, Sept. 21 at 8 p.m. on the Mississippi ETV Network.

Joining Ms. Price will be James Levine, music director of the Metropolitan Opera. In the first program of the season, they will celebrate the 100th anniversary of the Met and will present young singers from the Met's apprentice program.

A program of gospels and spirituals in planned for December.

Early ticket purchase urged for Biloxi Greek Night

The 16th annual Greek Night Festival is scheduled Saturday, Oct. 22 from 6:30 p.m. until 1 p.m. at the Mississippi Coast Coliseum and Convention Center in Biloxi.

A $25 per person ticket will cover cocktail hour with hors d'oeuvres, authentic Greek dinner buffet with wine, Greek folk dance entertainment, as well as Greek-American dancing.

Music will be furnished by the "Grecian Keyes," with Hellenic Dancing as a special featured attraction.

Highlight of this event, held yearly for the benefit of the Holy Trinity Greek Orthodox Chapel in Biloxi, is authentic Greek food.

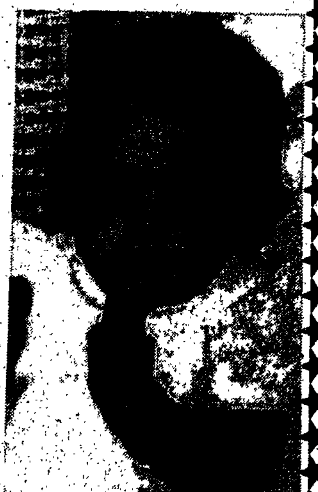
This year's offerings include Keftethakia, Greek meatballs; and Tiropetes, cheese triangles, as hors d'oeuvres.

The dinner menu will feature Arni Psito, Greek style marinated roast boneless leg of lamb; Riganati Kota, baked chicken oregano with lemon and special Greek seasonings; Pastitsio, macaroni with ground beef and a special bechamel sauce; Spanacopita, spinach pie made with Feta cheese and eggs on buttered pastry sheets; Dolmathes, stuffed grape leaves with egg lemon sauce; and salad consisting of Greek cheese, olives, herbs, spices, oil and vinegar dressing.

The piece de resistance is Baklava, the famous Greek dessert of layered pastry sheets alternating with layers of nuts, butter and honey.

Anyone planning to attend this event is urged to purchase tickets well in advance, as the Greek Night Festival usually becomes sold out long before the scheduled date.

Ticket outlets are Peter Psikogios of Long Beach, 864-3321; All Around the House in Pascagoula, 762-3611; and the Mississippi Coast Coliseum in Biloxi, 388-8222.



FIRST BIRTHDAY — Amanda Leigh Necaise celebrated her first birthday August 24 with a "Bozo the Clown" theme party at the home of her parents, Mr. and Mrs. Terry Necaise in Orlando, Fla. She is the granddaughter of Mr. and Mrs. Leroy Cuevas of Kiln and Mrs. Betty Jean Necaise of Gulfport.

ETV Brief

'TELL MAMA'
Etta James, Allen Toussaint and Dr. John share the marquee on a new "Soundstage" production at 8 p.m., Saturday, Sept. 17 on the Mississippi ETV Network.

Etta James began her career as a child singing gospel in Louisiana churches and now sings blues and jazz. For "Soundstage" she sings "Sugar on the Floor," "Tell Mama" and "Amazing Grace."

Pianist/songwriter/singer Allen Toussaint has long been a man-behind-the-scenes. His songs have been performed and recorded by Jackson Browne, Boz Scaggs and Bonnie Raitt. He comes to center stage on "Soundstage" to perform "What Do You Want the Girl to Do."

Dr. John performs a selection of his hits including "Right Place, Wrong Time," "Such a Night" and a duet with Etta called "I'd Rather Go Blind." He also discusses how New Orleans gospel and blues influnced his own rock and roll music.

Bay Veterans Auxiliary promotes October as Americanism month

The Theodore S. Price Ladies Auxiliary 3253 to the Veterans of Foreign Wars initiated into its membership Earlene Garcia, Paulette Shiyou, Kellie Carvin, Lucille Bourgeois, Melanie Mitchell, Inez Bouis and Marjorie Schultz.

The oath of membership was administered by Joyce Bermond, chaplain; Jeanne Garcia, senior vice president and junior vice protem Eloise Bounds and Hazel Wohlschlegel, due to the illness of junior vice president Helen Biehl.

President Lucille Boudreaux informed them of their duties as members.

Jeanne Garcia was appointed Americanism chairman. She is selling flags for $7 each. Anyone wishing to purchase a flag may call Lucille Boudreaux at 467-4974.

Governor William Winter has declared October Americanism month and Mrs. Boudreaux, on behalf of the auxiliary asks the public and retail community to buy a flag and fly it during the whole month of October.

"We are asking all schools to please teach Americanism in their classes and show these veterans who paid the supreme sacrifice that "We Care America," which is National President Harriet Timmons theme for this year. "We are asking this community to cooperate with the post and the auxiliary to show how much we really care," said Mrs. Boudreaux.

At the District I meeting held in Biloxi at the North Bay Post, President Boudreaux of the local Unit 3253 was elected chaplain.

Those attending were Charlie Black, post commander; Roland Wohlschlegel, a member from the post; Lucille Boudreaux; Joyce Bermond; Ursula Favre, secretary to treasurer; Rose Jaquillard, conductress; Mamie Carver, assistant conductress, and Esther Travirca, guard.

Barbara Black, Hazel Wohlschlegel, and Genevieve Cole, patriotic instructor, also attended.

Mary Fedele, president of District I and David Cummins, commander of District I presided over the business meetings.

The National Convention was held in New Orleans Aug. 12-19.

Janice White, out-going president for the Department of Mississippi, was awarded President of the year for 1982-83. This was a great honor bestowed upon the auxiliary sisters and officers of the Department of Mississippi for their outstanding service.

The Department of Mississippi won 11 awards. Lucille Boudreaux, Department Legislative chairman won first place award for outstanding performance, a silver plate award and $50 for the Department of Mississippi. She also received a citation for 75 percent participation. "That was a wonderful feeling to receive such a great award for my efforts, to see that the veterans get what they deserve because they are the ones that have made America great. I will do all in my power to see that they will not have any of their benefits taken away from them," she said. "I am asking under my office as president, if you are a Vietnam veteran and served where Agent Orange was applied to please go to the VA hospital and have an examination. The government will pay for your medical treatment," Mrs. Boudreaux concluded.

Those attending the National Convention from the post and auxiliary were Harris Boudreaux, Lucille Boudreaux, Judith Johnston, Mamie Carver, Joyce Bermond and Ursula Favre.

At the opening session President Ronald Reagan signed a Veterans Employment Training Job Service Bill. After the training, veterans will be placed in a good job employment position with good pay, according to this bill.

The auxiliary will hold its regular monthly meeting Sept. 14 at 8 p.m. at the new home on Third Street, which has just been finished.

Submitted by Lucille Boudreaux, president.

Religious instruction program announced

Registration for the OLG CCD Program will be conducted Sunday, Sept. 18, from 9 a.m. to 12:30 p.m. in the Parish Hall.

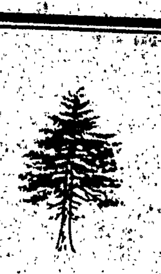
Parents are urged to register at this time as no registrations will be taken on the first day of class. A copy of child's Baptismal certificate will be needed at registration.

Classes will begin on Sunday, Sept. 25, in the OLG Cafeteria. They will be held from 10 to 11 a.m.

All those who wish to receive the sacrament of Confirmation this school year must register on the above date.

The Diocesan policy is to confirm only those students who are enrolled in a catechetical program and who at least acquired a ninth grade level understanding of religious instruction.

Those who simply join a ninth grade Catechetical program without any intervening religious instruction since the celebration of first Eucharist and Reconciliation should not be accepted as candidates on the basis of age without further instruction.



TIMBERLINE

By David Watts
Hancock County Forester

I knew it had to get better, and finally it seems to be brightening up.

In recent weeks we have seen a substantial improvement in the home building industry, and consequently, an increase in prices for sawtimber.

Housing starts for the first quarter of 1983 were 87% above the rate for the first quarter of 1982, but will our housing industry continue to expand at this rate?

According to a recent National Forest Products Association Economic Commentary, the increase in home building cannot continue at this high rate, and should subside somewhat after the pent-up demand for new homes has been satisfied.

The Association predicts that interest rates may decline further before stabilizing, and a slower, but steady improvement in the building industry can be expected.

For timberland owners, this means good prices and improved markets for their products.

I hope that the serious effect the housing slump has had on the overall economy in our state over the past two years has opened a lot more people's eyes to the fact that timber is literally the backbone of the Magnolia State's economy.

Even more, however, I hope that in such a realization of the value of our timberland will be a stronger commitment to take better care of our forests.

The Forestry Commission wants to help you provide that better care. Call us, and let us show you how.

EMPLOYEE AWARD— Vic Franckiewicz of Bay St. Louis is cited in the Martin Marietta Michoud Division September 'Mission Success Bulletin' as Employee of The Month. Previously winner of the division's sustained performance award and two spot awards, Franckiewicz earned the latest honor for 'positive attitude and consistant achievement' as supervisor of long range planning. His section plans and budgets factory space and equipment for future division business at the New Orleans East facility.
